### About the Society for Women's Health Research

The Society for Women's Health Research (SWHR) is dedicated to promoting research on biological sex differences in disease and improving women's health through science, policy, and education. Learn more at: [swhr.org/about](https://swhr.org/about).

### About the Annual Awards Gala

SWHR's Annual Awards Gala is our only fundraiser and is widely recognized as one of the premier social events of the spring. The Gala celebrates achievements, innovations, and advancements in women's health. It is also an opportunity to honor individuals who have dedicated their life's work to improving health care for women.

### About the Venue

Located in the heart of Washington, D.C., the newly renovated National Museum of Women in the Arts advocates for better representation of women artists and serves as a vital center for thought leadership, community engagement, and social change.

### Invitation to Sponsor

We invite you to partner with SWHR by sponsoring the 2024 Annual Awards Gala. Sponsorship provides an excellent opportunity to elevate your brand and network with key stakeholders in the women's health and research space, including health care providers & researchers, patient advocates, representatives from federal agencies, leaders & decision makers from pharmaceutical, femtech, and other commercial entities. Join us in our vision making women's health mainstream.
